

Andrew Zammit

Tone Studio

Forty three year old Andrew Zammit has been involved in the recording business for the last twenty years. Many local artists have used and are still using his services when recording songs for Malta Song for Europe, Carnival and Kanzunetta Maltija. He has also written and recorded jingles for TV Adverts and music for Maltese television series.

Andrew started singing at the age of five at Hamrun Primary where he attended school. He continued his secondary education at Mount Carmel College St. Venera (presently St Elias).

His main instrument is the guitar. He also studied musical arrangements and sound engineering under the tutorship of Kenny Joy.

He has composed music for children's songs and other various compositions. He proudly declares that he has helped establish many new singers who are now well-known on the local scene.

The CD *Iłhna Ferrieħa 2* together with the CD *Iłhna Ferrieħa* were both recorded at Tone Studio with the musical arrangements of Andrew Zammit. He has also composed the music for 9 of the songs of *Iłhna Ferrieħa 2*.
